Task12 - Prototype Design Style

- Color
    1. Dominant color - #2B64BB . The dominant color is derived from the TUM logo color.
    2. Accent color - #EEB345 . And these two colors are complementary.
    3. For the dominant color#2B64BB, there are different saturation and brightness levels derived from different contexts, and there are four levels in total:

       #D9E3F2, #D9E3F2, #D9E3F2, #2B64B8

- Text
    1. Font: Inter
       Inter's X-height is 69%, and the higher X-height helps with the readability of mixed-case and lower-case text.
    2. #2B64BB and White has a contrast ratio of 5.76: 1 (Conforms to the minimum contrast ratio specified by the W3C)
